# *Proposal Planning & Styling*

“Will you marry me?” Getting down on one knee and asking the love of your life to marry them is one of the most exciting, romantic, and intimate moments of your entire life, not to mention probably the most important question you will ever ask. An event of this magnitude needs to be done right; memorable, but with no glitches or mistakes.

*You know you want this day to be extra special: a story your love can tell for the rest of their life. We are creators of high-end wedding proposals and extraordinary romantic experiences.*

## *Step 1: Creating the ideas*

Upon booking, we will send you a questionnaire to get to know you and your soon-to-be fiancée. We gather all the important details, from where you first met, her favorite things, to what you love to do together. From there, our creative team will take those details that are unique to your relationship, and create three completely custom proposal ideas.

## *Step 2: Consulting & Planning*

After you receive your custom proposal ideas, we will use our team of qualified vendors to provide high-quality products and services for your proposal. Our design team will carefully curate each detail, from the color palette, location setting, and custom decor to ensure that the final event is cohesive and beautiful.

## *Step 3: She said Yes!*

The day of the proposal, we will take care of the logistics so that all you have to do is show up, get down on one knee, and propose. Handling the day of coordination yourself is the quickest way to turn your special day into a stressful day. Our planners are trained to identify and handle any obstacle that may come up before the big day. After she says, "YES!", we will tie up any loose ends for you, and you will have gorgeous photos and video and an amazing memory that you will cherish forever.
